

Victory for waffle, defeat for facts

From Pat Lucas, president, Attac and Tax Justice.

CONGRATULATIONS to Senator Walker for avoiding a head-to-head with Richard Murphy.

I would have done exactly the same if I relied on spin and waffle and was not able to browbeat my opponent by using my office as Chief Minister. Senator Walker has superb judgment in bodyswerving superior beings, especially when this particular being has superior connections within the UK and Europe and facts as opposed to fiction would be revealed.
